Item S-10 Joint Meeting and Public Hearing regarding the Disposition and Development Agreement (DDA) with the San Diego College of Retailing, in the Mount Hope Redevelopment Project. Resolutions:

- a) Amending the DDA with the San Diego College of Retailing;
- b) Approving the new basic concept drawings for the Price Club;
- c) Certifying the Secondary Study of the Environmental Impact Report; and
- d) Authorizing the expenditure of an amount not to exceed \$1,045,000 for reimbursement of the Option Parcel, and directing staff to prepare a proposal regarding the City of San Diego loaning the Agency an amount not to exceed \$1,045,000 in Fiscal Year 1990.

Jerome Groomes summarized the history of this project. The Vice Chair then opened the public hearing. Speaking in opposition to the above actions was Joshua Van Wollfolk. He noted that a Price Club would still not fulfill the desire for a major food chain market in the area.

Those speaking in favor of the proposed project were students of the College of Retailing Dessa Marie Brown and Brenda Carter, and Jean Colston, director of the college.

Jim Cahill, Secretary and Vice President of the College of Retailing responded to Members' questions. Member Pratt noted that the sales tax generated by the Price Club is a valuable resource to the General Fund, and at some point perhaps it could be used to assist SEDC with its projects.

Member McColl felt the agreement could be structured to more strongly benefit SEDC. She felt disturbed by the fact that the money received from the rental of retail space and Burger King would go to the Price Company, rather than SEDC.
